

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of
Salts if Back Hurts or
Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts (take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

FREIGHT WRECK CAUSED DETOUR

Cedar Lake, Ind., Dec. 19.—Freight train No. 73, on the Monon, had a wreck at Cedar Lake Wednesday evening that caused the piling up of several cars and made it necessary for southbound

passenger trains, Nos. 3 and 35, due in Renaselaer respectively at 11:05 and 12:15, to be detoured over the Lake Erie from Hammond to Elfers, and thence to Monon. The track had been cleared in time for the early morning passengers to get by.
